

OFFERS EQUIPMENT & SYSTEMS FINANCING for BROADBAND VIDEO SERVICES PROVIDERS

MHz AND PNC EQUIPMENT FINANCE OFFER BUDGET STRETCHING SOLUTIONS

In support of our Customers, MHz and PNC EQUIPMENT FINANCE are working together to provide turn-key financial solutions with creative financing options designed to match your budget, cash flow and ROI objectives. Whether your financing needs are for equipment only or for a complete project, MHz can help! Many lenders don't understand or won't lend against the build-out time frame of an entire project, not to mention Systems Integration, Extended Warranties, Training and/or Service Level Agreements, etc. At MHz, we have built our reputation on our ability to provide end2end solutions and complete systems integration for Cable, Telco and IPTV providers and now we can offer you financing for both!

PNC EQUIPMENT FINANCE OFFERS FINANCING FOR ALL TYPES OF PROVIDERS

Financing for commercial, municipal and non-profit organizations, from \$25,000 to \$25,000,000.

A BUSINESS SOLUTION THAT ADDRESSES THE CHALLENGING ECONOMY

In the current economy many bank lenders have reduced, tightened or withdrawn operating lines of credit or working capital. Many companies now must consider funding equipment purchases and projects out of cash flow, which in turn can create severe budgeting constraints. Our financing programs offer you a solution to any capital budget problem.

SPREAD COSTS TO MATCH REVENUES (LET THE SYSTEM PAY FOR ITSELF)

A real key to customizable financing is to spread-out the cost of new technology and match it to the timing of current and future revenue and cash flow. At its simplest, most Cable, Telco and IPTV providers have a subscriber base that will generate X revenue monthly. The cost of new equipment or a system is often proportionately high compared to the current revenue stream of a provider. MHZ can now offer scaled monthly payment solutions, so you can launch new Services, Projects or Systems and in many cases be profitable right away without waiting for a "break even" point, months or even years down the road.

MANAGE THE UNCERTAINTIES OF A CHANGING ECONOMIC ENVIRONMENT:

- FIXED-RATE FINANCING WITH MONTHLY PAYMENT TERMS FROM 12 TO 84 MONTHS
- \$1 BUYOUT AT THE END OF THE LEASE-PURCHASE TERM
- INTERIM FINANCING DURING PROJECT INTEGRATION PHASE
- CAPITAL LEASE-PURCHASE, LOAN OR OPERATING LEASE TRANSACTION STRUCTURES
- EASY-START PROGRAMS WITH GRADUATED PAYMENTS TO MATCH REVENUE GROWTH
- A COST-JUSTIFIED ROI SOLUTION THAT ACTS AS A HEDGE AGAINST INFLATION

For more information on financing solutions or a PNC credit application contact your Mega Hertz Account Manager at 800-883-8839.
